2017	July, October
2018	January, April,

ALTAR SOCIETY ROSTER

Thank you to all the ladies for your time for the next coming year.

Please arrange a swap if you cannot be available on your rostered week.

1. Take home and launder purifiers, corporals, finger cloths, tea towels and hand towels. Most of these will be in the far right section of the top drawer under the window. There will be a tea towel and hand towel hanging in the cupboard to the left of this drawer, and a towel in the toilet.

The purifiers, corporals and finger cloths need to be quite damp when ironing, and properly dry before returning them to the sacristy. To know how to fold these items correctly you can take home samples of clean items as a model.

If possible, collect this laundry after the last Mass on the preceding Sunday or on Monday morning. They can be returned any time during the following week.

2. Vacuum or carpet sweep the floor and clean the toilet and basin. There is a vacuum cleaner in the small room a couple of doors along past the sacristy, and a carpet sweeper in the little kitchen near the parish office.
3. Change and launder the altar cloth if needed. The clean altar cloths are in the bottom drawer under the window. The cloths are machine washable but they are very big to iron. You can take them to the dry cleaner if you wish.
4. organize:

Please launder the purple chasubles & stoles, yearly.

Please launder the green chasubles & stoles, yearly.

Please launder the red chasubles & stoles, yearly.

Please launder the white chasubles & stoles, yearly.

The chasubles and matching stoles have been machine washed with
No problems.
